Loan Interest Rate & Fees

Your **starting interest rate** will be between

4.290%*

 and

10.790%

After the starting rate is set, your rate will then vary with the market.

*Applies to certain loan applicants with a creditworthy cosigner. The lowest starting interest rate is 4.49% + 1-Month LIBOR without a creditworthy cosigner.

Your Starting Interest Rate (upon approval)
The starting Interest Rate you pay will be determined after you apply. The rate will be based upon your credit history (and your cosigner's if applicable) and the repayment option you select. If approved, we will notify you of the rates you qualify for within the stated range.

Your Interest Rate during the life of the loan
Your rate is variable. This means that your actual rate varies with the market and could be lower or higher than the rate on this form. The variable rate is based upon the One-Month LIBOR rate published in the "Money Rates" section of *The Wall Street Journal* on the last business day of each preceding calendar month. For more information on this rate, see Reference Notes.

Although the rate will vary after you are approved, **it will never exceed 21.000%** (the maximum allowable for this loan).

Loan Fees
Origination Fee: 0%
Late charges: 5.00% of the scheduled monthly payment.
Collection and Default Charges: In the event of a default, the borrower may incur additional collection charges as permitted under applicable law.

Loan Cost Examples

The total amount you will pay for this loan will vary depending upon when you start to repay it. This example provides estimates based upon three (3) repayment options available to you while enrolled in school. **Please note that if you select the "Make full payments" option, you will not receive a grace period upon leaving school or dropping below half time enrollment.**

Repayment Option (while enrolled in school)	Amount Provided (amount provided directly to you or your school)	Interest Rate (highest possible starting rate)	Loan Term (how long you have to pay off the loan)	Total Paid over 120 months (includes associated fees)
1. DEFER PAYMENTS Make no payments while enrolled in school. Interest will accrue and unpaid accrued interest will be added to your principal balance when you enter repayment.	\$10,000.00	10.790%	120 months starting <u>after</u> the deferment period	\$24,564.00
2. PAY ONLY THE INTEREST Make interest payments but defer payments on the principal amount while enrolled in school. By selecting this option, your rate includes a 0.5% interest rate incentive. See Reference Notes for more details.	\$10,000.00	10.290%	120 months starting <u>after</u> the deferment period	\$20,926.56
3. MAKE FULL PAYMENTS Make principal and interest payments while enrolled in school. By selecting this option, your rate includes a 1% interest rate incentive. See Reference Notes for more details.	\$10,000.00	10.280%	120 months starting <u>after</u> the final disbursement	\$16,248.00

About this example

- The interest rate example above is based off the highest possible rate on a co-signed application.

The reduced rate will be disclosed as part of subsequent disclosures. If the required payments are not made, the interest rate reduction incentive will be removed.
- The rate will not increase more than once a month, but there is no limit on the amount that the rate could increase at one time. Your rate will never exceed 21.000%.
