After the starting rate is set, your rate will then vary with the market.

Your Interest Rate (upon approval)
The starting Interest Rate you pay will be determined after you apply. The rate will be established by your credit history (or your cosigner’s if applicable). If approved, we will notify you of the rate you qualify for within the stated range.

Your Interest Rate during the life of the loan
Your rate is variable. This means that your actual rate varies with the market and could be lower or higher than the rate on this form. The variable rate is based upon the Prime Rate published on The Wall Street Journal’s website. For more information on this rate, see the Reference Notes.

Although the rate will vary after you are approved, it will never exceed 18.000% (the maximum allowable for this loan).

Late Charge: 5% of the past due amount or $10, whichever is less.

Collection and Default Charges: In the event of a default, the borrower may incur additional collection charges as permitted under applicable law.
